Who Would Win? Dinosaurs

8-Dinosaur Bracket

Round 1	Round 2	Round 3	Championship Round
Utahraptor	Winner	Winner	Winner
Megalosaurus			
Yangchuanosaurus	Winner		
Kentrosaurus			
Supersaurus	Winner		
Tyrannosaurus			
Spinosaurus	Winner		
Apatosaurus			

Round 1, Match 1: Megalosaurus vs. Utahraptor

Name Fact: Megalosaurus means "big lizard"

Fun Fact: Utahraptor means "Utah's predator"

Megalosaurus Wins!

Round 1, Match 2: Yangchuanosaurus vs. Kentrosaurus

Name Fact: Yangchuanosaurus means "lizard found in the town of Yangchuan"

Name Fact: Kentrosaurus means "prickly lizard"

Yangchuanosaurus Wins!

Round 1, Match 3: Supersaurus vs. Tyrannosaurus

Definition: Sauropod dinosaurs had long necks, small brains, long tails, and walked on four thick legs.

Timeline: T. Rex lived about 65 million years ago

Supersaurus Wins!

Round 1, Match 4: Spinosaurus vs. Apatosaurus

Did you know?: Spinosaurus may have fought ancient crocodiles

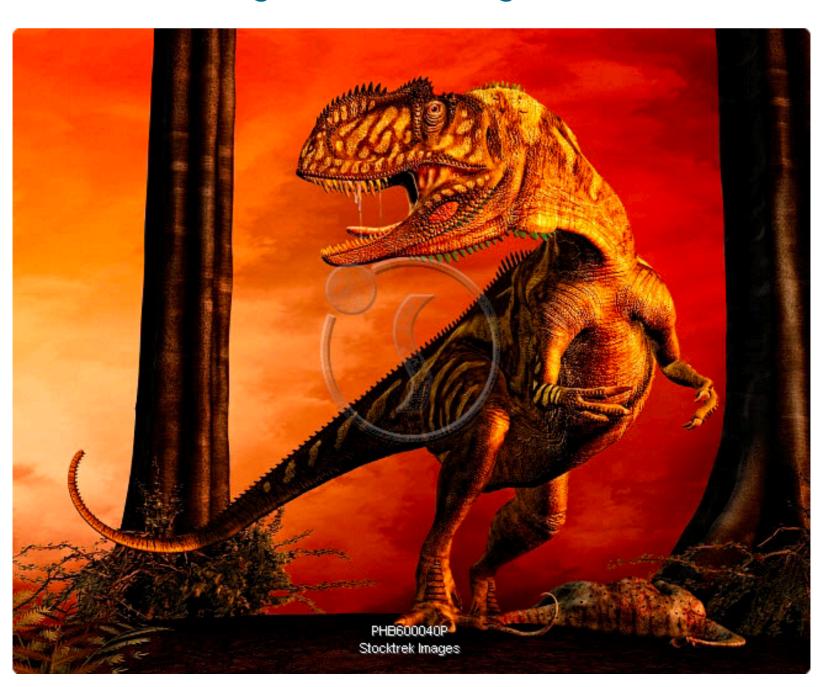

Colour Fact: No one really knows what colour the dinosaurs were or if they were multicoloured.

Tricky Name: Apatosaurus means "deceptive lizard". It is sometimes confused with Brontosaurus which means "thunder lizard".

Spinosaurus Wins!

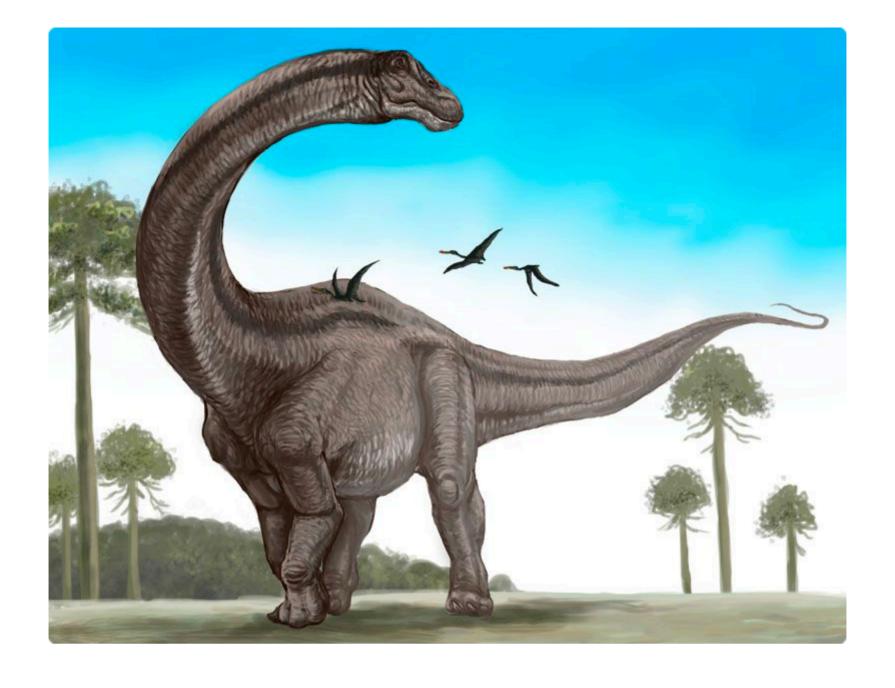

Round 2, Match 1: Megalosaurus vs. Yangchuanosaurus

Yangchaunosaurus bit the leg of the Megalosaurus. Megalosaurus fell down. A couple more bites from the Yangchaunosaurus made the Megalosaurus die.

The Yuanchaunosaurus is so powerful... can anyone beat it?

Yangchuanosaurus Wins!

Round 2, Match 2: Supersaurus vs. Spinosaurus

The Spinosaurus tries to bite the Supersaurus. The Spinosaurus uses its claws to rip open the skin of Supersaurus. Then, the Supersaurus stomps on the Spinosaurus, but the Spinosaurus fights back and bites the Supersaurus on the leg. A couple more bites from the Spinosaurus, and the Supersaurus loses too much blood and dies.

Spinosaurus Wins!

Championship Match: Yangchuanosaurus vs. Spinosaurus

The Yangchuanosaurus does the first move by making the Spinosaurus dizzy by running around it. Then the Spinosaurus goes around in circles and then changes direction, and bites its enemy several times. The Yangchaunosaurus ran into the Spinosaurus and got several booms to the head. The Yangchuanosaurus dies because it loses so much blood.

Spinosaurus Wins!
